

Friday 28 May 2021

Dear parents and carers,

At Boston West we believe in bringing learning to life and giving children memorable learning experiences. The children have thoroughly enjoyed watching caterpillars turn into butterflies this term, therefore **next term we would like to link our learning to the chick life cycle**. During next term we will be having a special delivery of 20 eggs! The children will have the opportunity to look after the eggs in an incubator, watch the chicks hatch and care for them. They will even have the opportunity to hold a chick too. We are hoping with your help we can raise the **£358** to give the children in Foundation Stage this memory that they will cherish for a long time.

To help raise the money we will be having a '**Chick Day**' on **Thursday 10th June**. The children in **Foundation Stage** will have a non-uniform day and come into school **wearing something yellow**. Your child could for example wear **yellow socks, hat, have an item of clothing with some yellow on or go completely yellow!** We will also be participating in a Foundation Stage sponsored obstacle course where they will have the challenge of seeing how many times they have to go around the course, carrying a cup of water, to fill a container at the end. Please keep an eye out for pictures of the event and the results! Attached is a sponsor form that we would like you to use to write down any sponsorship collected, this will then be donated towards the cost for the chicks. **Please return the form and the money by the 11th June** to either the class teacher or member of staff on the gate, in an envelope clearly labelled.

The Happy Chick Company are an ethical company and happy to rehome the chicks on the farm, however if a suitable family feel that they could rehome any chicks please speak to your child's class teacher.

Thank you for your continued support.

Yours sincerely,

Miss Brockington Mrs Stanton

Miss J.Brockington & Mrs C.Stanton
