

## Year 1 Home Activities

### Term 1 - Harvest

Below are outlined the home activities, which will support your child's learning, for term 1. **We expect maths and English tasks to be completed weekly, with a minimum of 3 other home activities to be completed additionally over this half term.** Once a piece of homework is completed, please send it into school and your child will get to share it with their class at some point during the week,

as well as receiving a sticker.

Any questions please ask.

Thank you for your support.

#### Weekly Maths Tasks

These tasks are ongoing during term 1 and should be completed weekly.

- counting forwards and backwards to and from 20.
- practise forming numbers 0 - 10 correctly and facing the right way

Make the counting fun by using toys, sweets for example, or counting as you climb stairs, travel to school, whilst the kettle is boiling or race against an adult.

Number formation could be practised using felt tips, paints, tracing a finger in sand/rice/shaving foam, using a wet paintbrush on slabs/concrete etc...

#### Weekly English Tasks

These tasks are ongoing and should be completed weekly. They do not need to be recorded and may be done creatively.

- read your school reading book at least three times a week discussing what has happened with your parents.
- practise cursive letter formation for all letters of the alphabet. This could be done using pencils, crayons, felt tips, chinks, paints or using a stick in mud.
- practise reading key words included in your pack and look out for these in your reading book.

#### Other activities

**At least 3 of these activities** should be completed over this term. Please send these into school when completed so your child can share them in class. If you have created something that can not be brought in, you can send in a photograph.

- **English** - share a story book from your bookshelf or local library and draw a picture of your favourite character
- **Geography** - create a weather diary for a week
- **Science/Art**- go on an Autumn walk then create a poster all about Autumn
- **PSHE** - create a photo/picture montage of things you do to keep yourself healthy
- **Computing** - type your name on a computer/tablet/ipad/phone keyboard
- **Fine motor skills** - create a bracelet/necklace/wand/decoration using threading skills, for example; pasta, cheerios, leaves, beads on string or stick.
